

Money Management Program

At Friend, Inc. we work with many struggling individuals and families trying to make ends meet. One of the services we offer is to match interested clients to a volunteer who can help them establish a budget, and help them organize their financial life.

If you have financial training, or if you simply have a solid budgeting system worked out and you think you could help others, please consider signing up to be one of our money management volunteers.

We do offer training sessions, as well as bi-monthly get together sessions with other money management volunteers to discuss strategies and to ask questions.

If you have any questions, or are interested in finding out more information, please call or email.
